CITY MAY BE INVOLVED IN LAW SUIT

To Recover Money Paid For Saloon Privileges For One Year.

The city of Cloverport will in all probability be made a defendant in a suit to recover the licence fee paid the city by Weisenberg & Mullen for saloon privileges, which, it is understood, will be instituted in the Breckenridge Circuit Court.

At the regular session of the City Council Monday night Mr. Gus Brown, attorney for Weisenberg & Mullen, made a formal demand of that body for the return to his clients of \$1,000, the amount paid by them to the city for saloon privileges for twelve months.

Attorney Brown stated that the same demand had been made of the county clerk for a return of the money paid him for State license. He said he was informed by the clerk that the money was still in his possession, the State Auditor refusing to accept it during the pending of the local option contest case.

The matter was referred to the Finance Committee of the City Council for thorough investigation.

Mr. Brown stated to a representative of The News that unless the money received by the city from the saloon-keepers is returned voluntarily civil proceedings would be instituted in the Circuit Court to recover the full amount paid for a year's license, which is \$1,000.

The proposed action grows out of the decision of the Supreme Court declaring the local option election held in this city to be null and void and the subsequent closing of the saloons before their license expires, which is the 10th of July, next.

PREPARATIONS IN PROGRESS

For Meeting of State Epworth League in This City June 25-27.

Preparations are going on splendidly for the Louisville Conference of Epworth Leagues that meets in our city the 25th to 27th of this month. The pastor of the Methodist church here and his efficient helpers of the League are planning to give the visiting young people as hospitable a time as was ever tendered any Kentucky assemblage.

The benefit will not be entirely to the visiting delegates, of whom about one hundred are expected, but our own boys and girls will find this an excellent opportunity to meet and mingle with the choicest young people the state affords. The social and spiritual effects on our city will be felt for many days. The program shows a splendid array of speakers from all over the state with popular addresses the two nights by eminent divines of the church, which will be thoroughly enjoyed by our people.

Perhaps the greatest good to the young people themselves will be the real conferences on developing the spiritual or literary or social side of human nature. Taking it altogether it will be very helpful to our city.

SALOONS ARE DOWN AND OUT

Proprietors Obey Man- date of Supreme Court and Close

The Court of Appeals reversed the judgment of the Breckenridge Circuit Court in a case of the Commonwealth against John Weisenburgh and remanded for further proceedings. Appellees were charged with a violation of the local option laws of Cloverport. The lower court dismissed the case prematurely instituted.

The court here, in reversing, says: "When an election is held in territory in which the sale of liquor is prohibited, and a majority of the votes are in favor of its sale, the result does not become effective until the certificate of election is recorded; and, if the election is contested by persons opposing the sale in the manner provided by Section 2,566, Kentucky statutes, the certificate cannot be recorded until the contest is disposed of, nor can any person sell within the territory until this is done."

When the above opinion was made public on last Thursday, Commonwealth Attorney Layman issued orders that the saloon of Weisenberg & Mullen close immediately and on Friday morning it closed its doors, making Cloverport a dry town in fact as well as in name.
